

Zander Roi Tabelona

<https://zander-portfolio.vercel.app/>

Driven and results-oriented IT professional with extensive experience leading end-to-end systems development life cycles (SDLC) and driving digital transformation in public sector environments. Proven expertise as a full-stack developer (Laravel, Vue.js, Nuxt.js) and systems analyst, with a strong background in ICT governance, data privacy, and large-scale platform integrations. Adept at overseeing cross-functional project teams, establishing enterprise project controls, and delivering user-centric digital solutions and analytics dashboards for agency-wide deployment.
